Provincial Specialist Association

## **EEPSA Local Chapter Special Project Grants for 2024-2025**

These grants are intended to support the important work of our Local Chapters across the Province. Each Chapter can apply for up to \$1000 to advance their goals. We recommend that the Local Chapter hosting our C2C conference apply for this grant for use toward the conference. These grants require approval by the EEPSA executive and are subject to available funds. Submissions will open in September, and be selected by November, for use before the end of June.

These grants can be used toward release time, professional resources, and perishable resources to promote collaboration (such as venue rental, food). They should not be used to purchase supplies for student use.

Please consider including Indigenous perspectives and/or a clear goal to embed the First Peoples' Principles of Learning in your project. Please consider also how your work promotes justice, equity, diversity and inclusion.

Applicant name:

Local Chapter:

Role within the Local Chapter:

School District(s):

Role within the School District:

Briefly describe your project:

How does this project meet the goals of your Local Chapter?

Are there outside resources/agencies you hope to include in your work? (These could include community groups, Local First Nations, academics, other EE stakeholders...)

Is there anything that the EEPSA executive could do to help this special project thrive?

Are you willing to share the successes of your Local Chapter at our C2C Solstice Celebration in December or June, or at our C2C Conference?

Proposed budget

<b>EEPSA Local Chapter Special Grants - Proposed Budget</b>		
<b>Preliminary budget</b> Provide an proposed breakdown of how the funding will be utilized; amounts can be estimated	<b>Expense description</b> e.g., guest speaker, book purchases, workshop fee, etc.	<b>Approximate amount</b> Round to nearest dollar
